

Presidio Travel & Expense Reimbursement Policy

Version 2.0 | Effective: January 1, 2026 | Approved by: CFO Office

1. Purpose and Scope

This policy governs all business-related travel and expense reimbursements for Presidio employees. It applies to domestic and international travel, client entertainment, daily commute claims, and office supply purchases. All employees must comply with these guidelines when incurring business expenses on behalf of the organization.

The policy ensures fiscal responsibility while enabling employees to conduct business effectively. Exceptions require written pre-approval from the department head and CFO.

2. Eligible Expense Categories

Category	Max Per Day (INR)	Max Per Trip (INR)	Receipt Required Above
Meals & Dining	2,000	8,000	500
Air Travel (Domestic)	25,000	25,000	All
Air Travel (International)	1,50,000	1,50,000	All
Train Travel	5,000	5,000	All
Taxi / Cab	3,000	12,000	200
Hotel / Accommodation	10,000	50,000	All
Office Supplies	5,000	5,000	500
Daily Commute	1,500	N/A	1,000
Conference & Events	50,000	50,000	All
Client Entertainment	5,000	15,000	All

3. Approval Workflow

Level 1 - Manager Approval: All expense reports require immediate manager approval regardless of amount. The manager verifies business purpose, policy compliance, and receipt validity.

Level 2 - Finance Review: Reports exceeding INR 10,000 total or containing flagged line items require additional finance team review before payment processing.

SLA: Managers must act within 72 hours. Auto-escalation triggers after 5 business days.

4. Receipt Requirements

Original receipts must be attached for all expenses above the category threshold. Acceptable formats: PDF, JPEG, PNG, WebP. Maximum file size: 10 MB per receipt.

Each receipt must clearly show: merchant name, date of purchase, itemized list of goods/services, total amount charged, and payment method used. Credit card statements are NOT acceptable as receipts.

For expenses where an original receipt is lost, a Missing Receipt Affidavit must be completed and approved by the department head before submission.

5. International Travel

International travel requires pre-approval via the Travel Request Form submitted at least 14 business days before departure. Economy class is the default for flights under 6 hours; premium economy may be used for flights exceeding 6 hours with manager pre-approval.

Per-diem rates follow the Government of India DA rates for the destination country. Currency conversion uses the exchange rate on the date of the expense (as shown on the receipt). Foreign currency expenses must be reported in INR using the receipt date rate.

6. Prohibited Expenses

- Personal entertainment, gifts, or shopping
- Alcohol purchases (except pre-approved client entertainment)
- Fines, penalties, or traffic violations
- First-class or business-class air travel without CFO approval
- Loyalty program upgrades charged to the company
- Expenses for non-employees (except approved client meals)
- Personal vehicle maintenance or insurance

7. Reimbursement Timeline

Approved expenses are processed within 5 business days via NEFT transfer to the employee's registered bank account. Employees must submit expense reports within 30 days of incurring the expense. Reports older than 60 days will not be processed without CFO exception approval.

8. Policy Violations

Repeated policy violations may result in: (1) Delayed reimbursement, (2) Mandatory training, (3) Suspension of corporate card privileges, (4) Disciplinary action per HR policy. Fraudulent claims are grounds for immediate termination and legal action.
